

NAUTICAL CHART 11467

TRACOASTAL WATERWAY

FLORIDA WEST PALM BEACH TO MIAMI

A nautical chart diagram illustrating a coastal area. The coastline is shown in brown, with a river or channel depicted as a blue line. A purple line indicates a specific location or boundary. A small rectangular inset provides a detailed view of a section of the coast. Various labels are present: 'NAUTICAL CHART DIAGRAM' at the top center; '31°' and '27°' representing latitude on the left and right respectively; '80°' representing longitude above the inset; and 'RIVER INLET' written vertically next to the blue channel line.
